**RE: Peabody's Interiors to relocate office and showroom to Brown Deer**

*Village of Brown Deer, Wisconsin.* Peabody's Interiors, a premier Wisconsin interior design studio that has been in business since 1977, is planning to relocate their operations to 8655 North Deerwood Drive in Brown Deer. Peabody's employs a staff of 16, including six full time interior designers.

The two firms have a strong working relationship and have partnered on many projects in the past. Kelly Gallion, Peabody's Managing Director, stated, "the ability to work closely with Wade Weissmann Architecture allows our clients the opportunity to have architectural and interior design services available under the same roof".

Village Manager, Russell Van Gompel, is pleased that Peabody's Interiors is moving to Brown Deer, "Peabody's move to the Deerwood Drive location continues a positive trend of reinvestment in Brown Deer's historic Original Village neighborhood, the earliest settlement location in the Village".
